## **About:**

a new, international 4 years dance and theatre project with different partners, cities and participants all over Europe!

For this new project People Power Partnership (PPP) we are looking for strong dancers and actors in the age between 18 and 25. Our work is based on an international diverse team, site specific performance places and urban culture. And you have the chance to join this project.

In addition to workshops and work with internationally experienced professionals, the project opens up the opportunity to meet other like-minded people your age.

For this purpose you will travel to at least five other European countries during the next 4 years.(The pandemic will also be over some day...!)

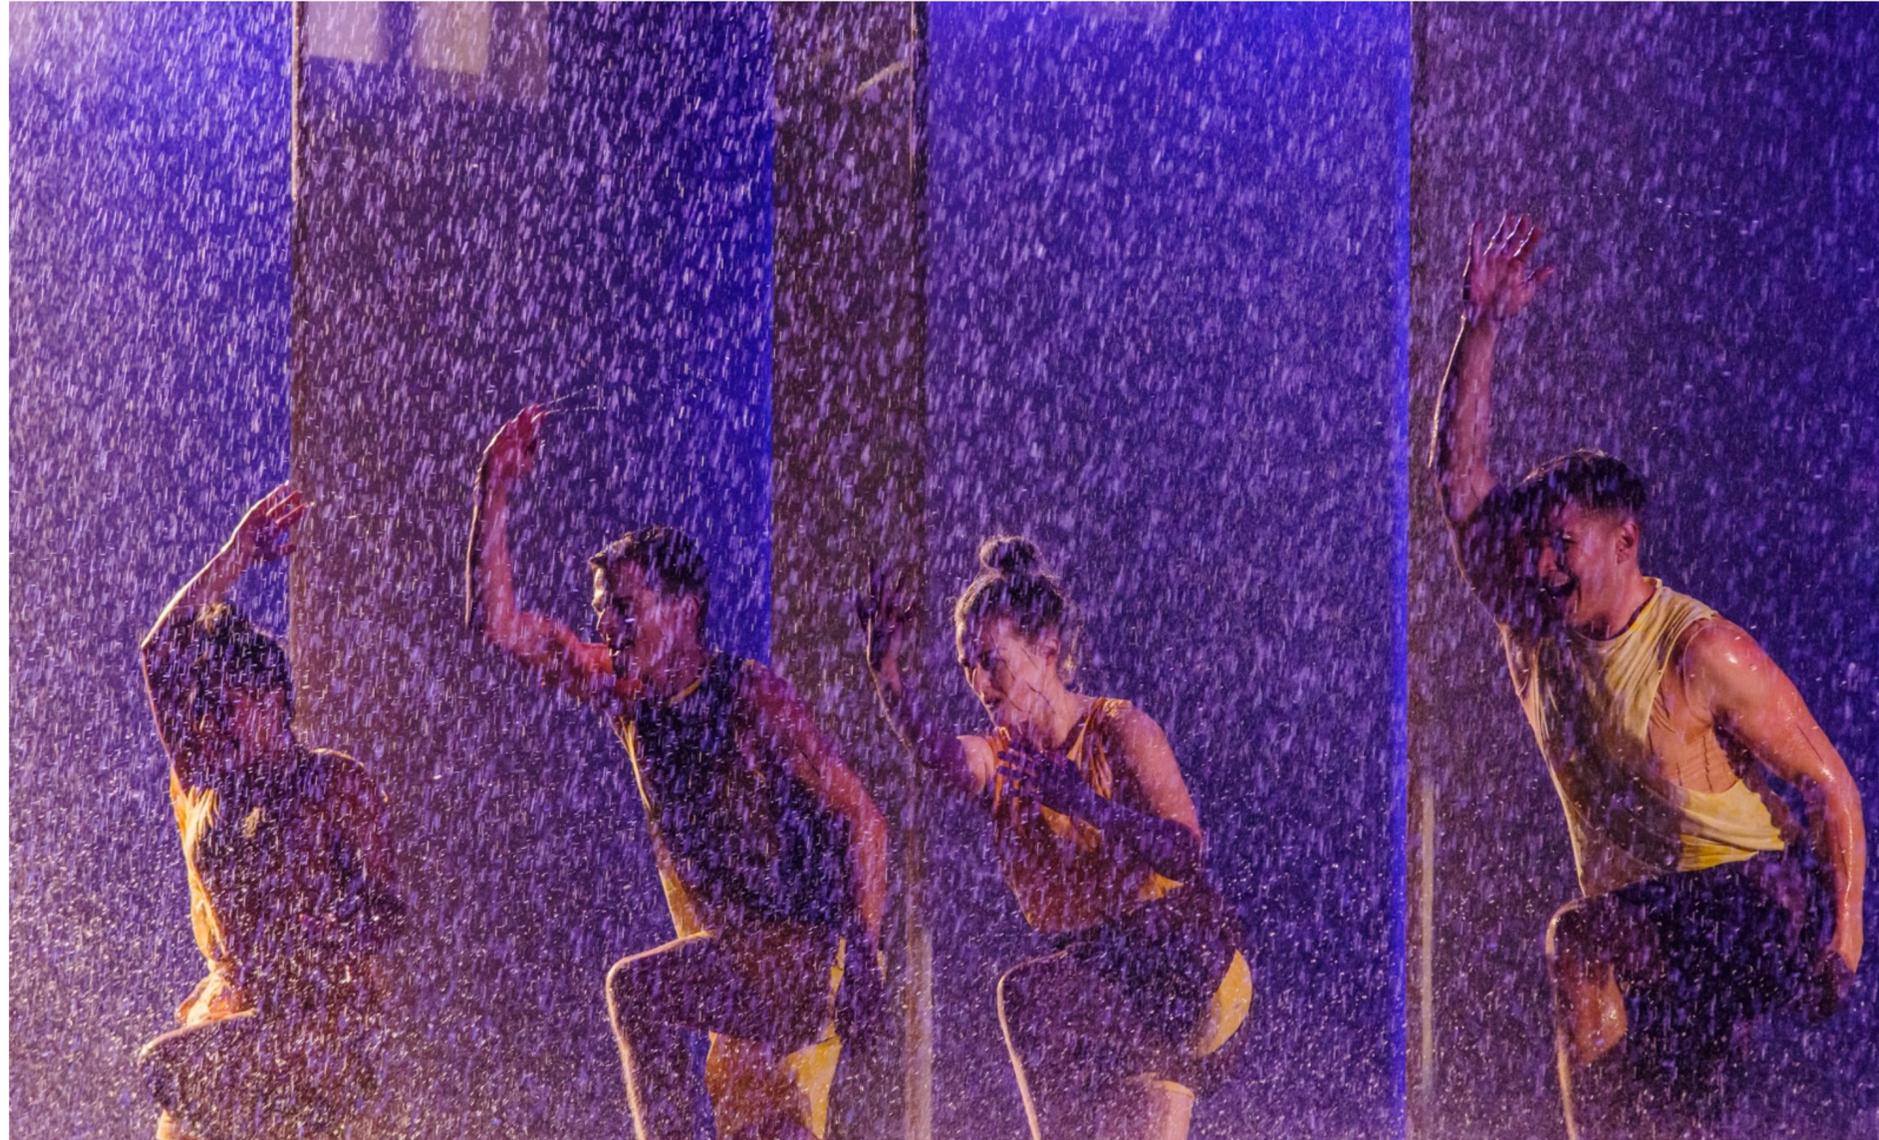

Next year - 2021 - for 12 days starting May 18th, you will travel together with 7 selected dancers from Loulé to Alytus/ Lithuania and with 8 selected dancers from there you will develop a performance and present it there.

From August 3rd, a group (also 8 people) from Fribourg will come here to Loulé, where you will also develop a show in 12 days and perform it open air in the city.
